SUMMARY

A dedicated technology enthusiast with a focus on web development. Driven by a passion for creating impactful digital experiences, I have graduated from Hacktiv8 Bootcamp as a full-stack web developer. I am committed to delivering innovative and efficient solutions through clean, scalable, and user-centric software.

EXPERIENCE

Frontend Developer (Contract)   *April 2025 – July 2025*

HalloHukum – LegalTech mobile app

- Build two mobile apps (client and lawyer) using React Native (Expo)
- Integrated chat, video/audio calls, and authentication using REST APIs from backend team
- Designed responsive UI components with consistent state management
- Collaborated in agile sprints with backend engineers to align on features

Web Developer & SEO Recovery (Freelance)   *March 2025 – April 2025*

ExplorePulau.id

- Maintained and updated website structure, including destination and itinerary page layouts
- Removed injected malicious files from gambling-site hacks and cleaned infected server files
- Strengthened server security and restructured file system for better integrity
- Optimized technical SEO to improve stability and prevent future indexing issues
- Recovered search visibility by removing spam and gambling-related URLs via Google Search Console

EDUCATION

Hacktiv8   **Jakarta, Indonesia**
Full Stack JavaScript Immersive Program (Transcript)   *October 2024 – February 2025*

Vocational High School Nurul Huda Baros   **Serang, Indonesia**
Multimedia   *2020 – 2023*
